
GET THE MOST OUT OF YOUR
MILEAGE WITH

Major Mechanical Protection

New car warranties don't last forever, and as time passes, vehicle repairs are inevitable. With advanced electronics and integrated systems, repairing and replacing vehicle parts is more expensive than ever. In fact, **when you add in labor costs that can reach \$125 per hour or more, a single repair can easily cost more than the vehicle protection plan.**

Major Mechanical Protection (MMP) can help protect you from the expense of unexpected repairs. It can help you keep your vehicle as long as possible—getting the most out of your mileage.

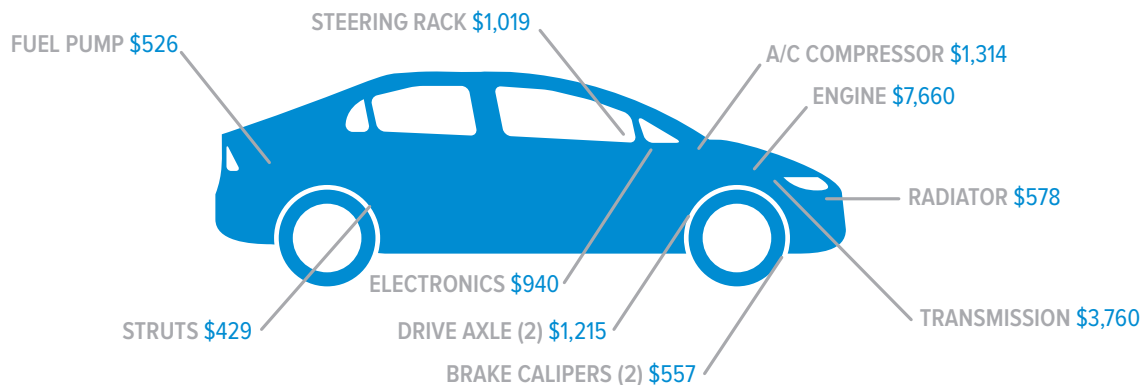

Speak to one of our representatives to find out how you can purchase MMP for your new or used vehicle¹ today!

¹Plans are available for most new and used domestic and imported vehicles. Speak to your loan officer or service representative for vehicle eligibility criteria and more details.

MMP Coverage* Features and Benefits:

- Accepted in most licensed repair facilities in the U.S. and Canada
- Affordable, and can usually be added to your loan
- Coverages that meet your driving habits
- Fully transferable
- Adds resale value to your vehicle
- 24-hour roadside assistance
- Rental car reimbursement
- Trip interruption reimbursement
- Lost key, lockout, and emergency tire repair
- Choice of deductible reduces or eliminates out-of-pocket expenses

*Coverages vary

Major Mechanical Protection is considered insurance coverage in some states. The purchase of MMP is voluntary and cannot be required as a condition of the loan. This brochure is not a contract/policy and the contents are limited by its size. It only provides a general summary of available plan options. Be sure to read your specific contract/policy, as all benefits are subject to the terms and conditions of the contract/policy.
