\* Option not applicable to all accounts.  
 † Federal regulations limit the total number of electronic transfers from any non-transactional account—Prime Share (savings), Clubs, or Money Market—to six (6) per account per month. This includes online Cross Member Transfers and Funds Transfer, and cleared checks from a Money Market account. You can make an unlimited number of transfers and withdrawals through the mail, at an ATM, and in person at a branch. Transfers made to a Tower loan account are not included in the limitation of six per account per month.
